

2.2

DAILY PROGRAMME

There will be a maximum of 8 students in one session, each mainly working on a one-to-one basis.

The sessions are flexible, as a guide they will run:

<u>AM</u>	<u>PM</u>	
9.30	1.30	Welcome/Arrival
9.40	1.40	Register
9.45	1.45	Therapy time
10.15	2.15	Group activity 1
10.45	2.45	Snack
11.00	3.00	Therapy time
11.15	3.15	Group activity 2
11.30	3.30	Therapy time
12.20	4.20	Story
12.30	4.30	Home time/End of session

Only staff with the necessary skills required will run focus groups and snack time. This will enable a high quality of therapy to be given and training for the staff within the centre as well. Within these times, specific targets will be set to ensure that each student's needs are being supported appropriately.

- The main contact will be with their behaviour therapist overseen by the senior behaviour therapist.
- Students will have weekly direct time for an hour with a Speech and Language Therapist where they have elected for a multidisciplinary programme with SaLT.
- Students will have weekly direct time for an hour with an Occupational Therapist where they have elected for a multidisciplinary programme with OT.
- Although each student will have direct time to meet their needs as established within their assessments and their Education and Health Care (EHC) Plan, the goals will be integrated fully into the daily activities and planning.
