NAPPY CHANGING

No child is excluded from participating in our setting who may, for any reason, not yet be toilet trained and who may still be wearing nappies or equivalent. We work with parents towards toilet training, unless there are medical or other developmental reasons why this may not be appropriate at the time.

We make necessary adjustments to our bathroom provision and hygiene practice in order to accommodate children who are not yet toilet trained.

We see toilet training as a self-care skill that children have the opportunity to learn with the full support and non-judgemental concern of adults.

Procedures:

- We encourage young children from two years to normally wear pull ups, or other types of trainer pants, as soon as they are comfortable with this and if their parent/carer agrees.
- The child's 1:1 adult for the session will undertake changing their child. A back up person will be asked to change the child if the 1:1 is unable to.
- Children are changed within sight of other staff whilst maintaining their dignity and privacy at all times.
- The changing area is warm, with a safe area for the child to lay.
- Parents/carers provide nappies and wipes, and these will be found in the child's bag. Spare nappies, wipes and nappy sacks are located in the drawers in the bathroom area.
- Our staff put on gloves and aprons before changing starts and the areas are prepared.
- The changing mat is cleaned after each use.
- All our staff are familiar with our hygiene procedures and carry these out when changing nappies.
- We are gentle when changing; we avoid pulling faces and making negative comments about 'nappy contents'.
- We do not make inappropriate comments about children's genitals when changing their nappies.
- In addition, we ensure that nappy changing is relaxed and a time to promote independence in young children.
- We encourage children to take an interest in using the toilet; they may just want to sit on it.
- We encourage children to wash their hands, and have soap and towels to hand. They should be allowed time for some play as they explore the water and the soap.
- Older children access the toilet when they have the need to and are encouraged to be independent.
- We dispose of nappies and pull ups hygienically. Any soil (faeces) in nappies or pull ups is flushed down the toilet and the nappy or pull up is bagged and put in the bin. Cloth nappies, trainer pants and ordinary pants that have been wet or soiled are rinsed and bagged for parents to take home.
- We have a 'duty of care' towards children's personal needs. If children are left in wet or soiled nappies/pull ups in the setting this may constitute neglect and will be a disciplinary matter.
