WELCOME TO THE ARK CENTRE

Valentine's day

Making friends

There have been some really lovely friendships developing between the children. They have been taking turns to request the same item, sitting and playing next to each other and practicing giving each other high 5s!

We had a special valentine's day bucket.

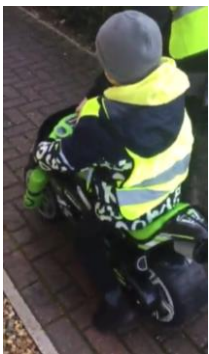

For stage 2 Luisa made flour hearts and counted them up to 4

For stage 3 we made heart splats, which meant we got to splat shaving foam!

For stage 4 we made playdoh hearts with a heart shaped cutter

Scooter ride

One of our children has brought their scooter in so we can teach them how to ride it. This has been a lovely experience to see!

It was also pancake day!!!

We might not all like eating pancakes but we all had fun having a go at flipping some paper pancakes.
