WELCOME TO THE ARK CENTRE

Outside

We also made chicks...

And easter bunny ears...

We are so happy the sun has been out a bit!
We all love spending time in the garden but it has just been too cold.

Easter

We have done lots of easter themed during April

Including one of our favourites – EGG SPLAT!! For this we use shaving foam and paint to make it look like an egg, and then SPLAT it with a swatter.

We have all really enjoyed getting stuck in with these activities.

One of our topics during the last month has been 'people who help us'.

This picture was the fire we made with paint, we then sprayed it with water so we could pretend to be fire fighters!

Cuddles with Watson 😊
