WELCOME TO THE ARK CENTRE

Bonfire night has been our theme this month. We have also taken a look at different weather with the seasons.

Take a look at one of our stage 3 buckets activities. We used a cardboard tube to make paint splats.

We all love watching fireworks, but remember sometimes they can be too loud for our little ears. It may be worth trying ear defenders if your little one struggles with the loudness.

A little bit of Christmas

We have started to look at Christmas a little bit, as although it is a really fun time of year, sometimes it can be quite difficult. Routine is often less around this time of year, lots of sounds and lights and people wearing funny things. So, if some of our children seem a bit more anxious, this may be why.

Happy honeymoon

Our lovely manager, Emma, has finally had her well-deserved honeymoon. She has been all the way to Mexico!!! We hope you had a wonderful time.

Sickness policies

As Winter is fast approaching, we feel it's a useful time to remind you of our sickness policies. A reminder of the following minimum exclusion periods after illness, as recommended by the Health Protection Agency:

Sickness/diarrhea – 48 hours after final bout

High temperature – 24 hours

Antibiotics prescribed – first 12 hours

Chicken pox – 48 hours after all spots are scabbed over

We ask that if your child hasn't attended school or nursery due to illness, you also don't send them to The Ark.
