WELCOME TO THE ARK CENTRE

SCHOOL READINESS

We have a number of children transitioning to school in September. With this in mind we have been working on increasing our children's attention in group adult led activities.

PARENT REMINDER

- As the weather is nice and warm, please make sure your children have sun cream on and are bringing hats to The Ark Centre.
- Please also make sure the children bring bottles to their sessions so they can take their drinks into the garden with them.

COMMUNITY TRIPS

We are excited to inform you that we have planned community trips for the next few months. We are going to go swimming, bowling and to soft play.

EHCP AND LEGAL SEN ADVICE

We would like to recommend that our parents look into courses offered by IPSEA.

The Ark Centre Charity is going to sponsor some events for training on the legality of EHCP applications.

Our topic has been ...The Jungle!

We have been looking at animals and climate through a variety of different sensory activities, music sessions and story sacks.

We have been using Handwriting Without Tears along with Read Write Ink as programmes to introduce our children to phonics and handwriting.

Please check out on the website for courses that are going to be run locally or online.
