WELCOME TO THE ARK CENTRE

SUMMER PARTIES

We have been making the most of the summer and doing lots of themed activity days. We loved our pool day.

Our topic has been I AM SPECIAL...

We have been working on the children's self-awareness and self-esteem.

Mat Man is a wonderful Occupational Therapy resource that we have used to make this learning accessible to all of our children.

TRIPS IN THE COMMUNITY

It is really important for us to practice the skills we learn in The Ark Centre in real life settings in our community.

We have been swimming...

We have been bowling ...

We have been to soft play...

SAYING GOODBYE

We are saying goodbye to 7 of our children who are transitioning to school. We wish you lots of luck and hope you will stay in touch and let us know about your progress.

SAYING HELLO

We are very excited to welcome 7 new children and their parents to join The Ark Centre family.

SAYING WELCOME BACK

We are thrilled to welcome back our Behaviour Therapist Laura Powell who has been on maternity leave after having her second son.
